RE: In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45,
(Minnesota PUC Docket No. P999/M-04-1092)

Dear Ms. Dortch and Ms. Flannery:

Pursuant to FCC 01-157 and 47CFR §§ 54.313 and 54.314, the FCC requires states that wish to receive Federal High-Cost support for ETCs to file certification that funds will be used for the provision, maintenance and upgrading of facilities and services for which the support is intended. The Minnesota Public Utilities Commission hereby files this certification to allow all ETCs listed in the Attachment to receive Federal High-Cost support for 2005 consistent with §254(e) of the Telecommunications Act.

The MPUC has obtained affidavits provided by a corporate officer of each ETC including a sworn statement that support that will be received will only be used for the intended purposes. The MPUC also required and received additional documentation pertaining to Year 2003 Federal High-Cost support received and company operational and capital expenditures. Beyond those procedures, the MPUC has not undertaken further processes to assure that future federal support received will be used for the provision, maintenance and upgrading of facilities and services for which the support is intended. Our certification is based on those affidavits and additional documentation. We believe that this complies with the FCC requirement.
